

PRG-100

Nitrogen regulator 300/60 bar

Nitrogen regulator for 300/60 bar cylinder, ideal for pressure testing in HVAC and refrigeration systems.

FEATURES

- Reliable regulation up to 60 bar
- Standard fittings for quick setup
- Neoprene-protected gauges for enhanced durability
- Solid brass construction for long service life
- Compatible with all HVAC nitrogen applications

SPECIFICATIONS

- Inlet pressure: 300 bar
- Outlet pressure: 0 to 60 bar
- Inlet fitting: W21.80 x 1/14" (right-hand thread)
- Outlet fitting: 1/4" SAE male
- Gauge protection: Neoprene covers
- Body material: Brass
