

VZE-SERIES

Set of 3 hoses 1m50 with zero emission valve (VZE)

FEATURES

- 1 **Rotating pivot** : prevents the spring effect of hoses and ensures a strong nut tightening
- 2 **One-touch operation**: easy to use, ensures optimal tightening
- 3 **Zero emissions / Zero burns** : reduces atmospheric emissions and protects the operator from burns.
- 4 **Double nitrile O-ring** : ensures better seal tightness
